## **Book Description:**

The epic story continues in *Misanthropy: Book II*, swinging beneath the unstable pendulum of an unknown world, not handing out any divine magnanimity along the way. But one thing has changed—their names.

Shaken with dwindling spirits, Deadman and Damascus extend their journey past the forbidden Tower (where Montaset now ascends) and onto the Cellar Door. Past characters have their own chores at hand, while the story fills with many new faces... new hopes... and new evils.

*Misanthropy: Book II: The Cellar Door* is the second book in a series.
